

Alchemer Release Notes: August 18, 2021

Below is this week's log of fixes and improvements:

Improvements

[Upgrade] – Updated the [?realtime=true URL variable](#) so that if it is appended to an export or reporting link, the returned file includes all new data collected in the project at that point in time.

[Fix] – The *Add All Questions* option within a [Webhook action](#) now functions as expected, pulling in all values to the *Questions to Send* section.

If you have any questions, please [contact our Alchemer Support Team!](#)
